OLD RESIDENTS TAKEN BY DEATH

Miss Maria Shultz Found Dead at her Home. Abraham V. Scott, Civil War Veteran, Dies at his Home.

MISS MARIA S. SHULTZ. Miss Maria S. Shultz was found dead about half past four o'clock Tuesday afternoon at her home on Seminary Ridge by William Tawney.

Miss Shultz, who was one of Gettysburg's most interesting residents, had lived alone for the past twenty five years in her little home, where she was visited frequently by her friends. Mr. Tawney, one of the battlefield guards, made a practice of stopping at her home at least once a day to see if she were all right and on Tuesday afternoon when he rapped received no response. He tried several doors, found them all locked and then looked in at one of the windows. He saw the woman lying on the floor and, after summoning some of the neighbors, forced an entrance. Miss Shultz had evidently been dead for several hours. The body was removed to Bender's undertaking establishment a short time afterward.

Miss Shultz was born in Hanover, a daughter of Mr. and Mrs. David Shultz. Her father was an attorney and they later moved to Gettysburg, occupying the house on Seminary Ridge which is now the residence of Robert D. Bream. Some years after the death of her parents Miss Shultz built the little house on the West side of Confederate avenue and had lived there ever since.

She spent an interesting early life. When the Civil War broke out she was a governess in a wealthy family in Louisiana and, coming North for her summer vacation, was persuaded by a brother living in Philadelphia to stay with him for several years and not to return. After leaving him she came back to Gettysburg. Miss Shultz was a woman of many accomplishments. She spoke several languages fluently and in her younger days was a musician of much ability. She was living here at the time of the battle and told interestingly of many incidents of that time. During the anniversary last July an old soldier found her and recalled how she had given him water and food when he lay wounded in the Shultz barn a day or so after the battle.

Miss Shultz was the last of her family. She was 84 years old on January 1st.

The body was taken this afternoon to the home of Mrs. H. M. Hartman, a cousin, on Baltimore street and the funeral will be held from there on Thursday afternoon at 1:30, Rev. W. B. Hooper officiating.

ABRAHAM V. SCOTT. Abraham V. Scott died on Tuesday afternoon at 2:20 at his home on East Middle-street from congestion of the lungs and complications. He was aged 79 years, 10 months and 22 days.

Mr. Scott was born in Freedom township, a son of Abraham and Rachel Cobean Scott. He spent his entire life in that township as a farmer until about fifteen years ago when he came to Gettysburg. He was a veteran of the Civil War, having served in the 165th and 99th Pennsylvania Volunteers, but did not join the local Post. He was a life long member of the Presbyterian church, joining at Lower Marsh Creek and transferring his membership to the Gettysburg church after his removal to this place.

He leaves his wife, who before marriage was Miss Josephine Ryland, of Baltimore. He is also survived by three daughters and two sons, Misses Rachel and Rosa Scott, living at home and teaching in the public schools of Gettysburg; Mrs. J. S. Stackhouse, of Easton; S. Cuyler Scott, of Oakland, California; A. Van Cleve Scott, of Gilmore, Idaho. He also leaves two sisters and two brothers, Mrs. Margaret Seiss, of Graceham, Md.; Mrs. Rosa White, of Freedom township; William C. Scott, of Gettysburg; and Washington Scott, of Freedom township.

Funeral from his late home at 1:30 Friday afternoon, conducted by Rev. F. E. Taylor. Interment in Evergreen Cemetery.

RALPH R. RICKRODE. Ralph Russell Rickrode died at his home near Hunter's Run, Monday evening at nine o'clock aged 22 days.

He leaves his parents, Mr. and Mrs. George Rickrode, and two brothers. Funeral Friday meeting at the house at 10 a. m. Services and interment at Mt. Victory church.

POLICE TO HAVE REGULAR BEATS

Gettysburg's Officers to Travel on Scheduled Time According to Plans of the New Burgess. Will Will have Entire Town.

Gettysburg's police were put under new rules and regulations this morning by Burgess Raymond who is working out a system whereby the town may be covered once every twelve hours and by which he may know at all times where to find the officer then on duty.

Mr. Raymond is preparing to divide the town into eight districts with four long beats and four short ones, dividing it in this way so that the police may meet all trains without interfering with their regular schedule of hours. He believes that it will require about all of the time of each of the two officers to make their rounds and that there will be little chance for loitering on their beats. His office at Walter's Theatre will be their headquarters when not making rounds.

Under the new regime Officer Emmons, now chief of police, takes the day beat and Officer Shealer will be on duty at night. Calls for police during the night may continue to be telephoned to the Hotel Gettysburg where the officer will call at intervals to see if there is "anything doing".

Mr. Raymond realizes the danger of having regular beats for night work and has guarded against this. It would soon become known that the police could be expected at 1:30 or 2:45 or some other hour at a certain place and those criminally inclined would simply direct their energies in other portions of town at that time. To meet this Mr. Raymond will have the eight beats interchangeable and on no two successive nights will they be the same, so that while an officer's scheduled time at a given place one night might be three o'clock, the next night it might be 11:30. In this way the burgess will know where to find his men but no one else will be able to guard against their appearance.

The new burgess is anxious to get the best service possible out of his force and they in turn expect to cooperate with him toward this end. The results of their combined endeavors will be watched with interest.

TWO CASES

Chicken Stealing Case Heard before Squire Harnish.

After a hearing held before Squire Harnish Jacob Moore, colored, was held for Court on a charge of the larceny of four chickens from Julia Tracey, of West High street. The alleged thief was traced from the scene of his operations to the home of John Valentine. Valentine says that Moore sold the chickens and purchased whiskey with the proceeds.

George Gastley, charged with false pretense, was dismissed after returning to Mrs. Laura Hamilton, of North Washington street, a stove which he is said to have secured from her on a promise to give her a better one. The second stove was not forthcoming and Mrs. Hamilton placed the matter in the hands of Officer Shealer who had both cases in charge.

THROWN FROM MOVING TRAIN

Brake Wheel Suddenly Revolves Throwing Brakeman from Top of Large Coal Car. Has Remarkable Escape.

Falling from a rapidly moving freight train which arrived at Gettysburg about two o'clock this morning Brakeman Roach escaped serious injuries and death in a most remarkable manner. The accident occurred near Maria Furnace and his absence from the train was not discovered by the crew until Gettysburg was reached.

As the train neared Maria Furnace on its way down the mountain Brakeman Roach was on one of the big coal cars operating the brake wheel. It revolved suddenly, throwing him off and, fortunately, to the side of the track instead of between the cars.

For some little time he lay along the track, stunned and suffering from cuts and bruises on many parts of his body. He finally recovered sufficiently to crawl over to the track and place a warning cap on the rail. This signaled the next freight train and they picked him up, taking him to Fairfield where he was given attention. It was found that his injuries, though numerous and painful, were not serious. This morning he was taken to Hagerstown by the first westbound passenger train.

When his own train reached Gettysburg and he did not make his appearance a search was instituted. His lantern was found on top of the car on which he had been operating the brakes. The other members of the crew were much relieved later in the morning when they learned that he had escaped death and would recover from his injuries.

LARGE SUITS

Blue Mountain House is Sued by Reason of Recent Fire.

Two suits aggregating \$125,000 were filed Tuesday in the United States District Court in Baltimore by Malcolm Frank and Benjamin F. Metzger through their attorneys, against the Blue Mountain House Company and H. C. Bond and John Gibbons, trading as Bond & Gibbons, proprietors of the hotel.

Mr. Frank claims \$75,000 and Metzger \$50,000 damages. The suit grows out of the fire which destroyed the hotel on August 5, in which the claimants narrowly escaped with their lives. Each claims that he was permanently injured because of burns he suffered.

The men occupied rooms on the fourth floor of the establishment, and they claim that when the fire broke out, about 6 o'clock in the morning, they followed the direction of a sign marked "Fire escape" and a red light, which showed them into a rear room.

Expecting to find the way clear to get out of the house, the men ran to the rear room, and instead of finding a fire-escape, they claim that there were only a couple of small windows, high above their heads and too far away to be used as a means of escape, and the rest of the room was littered with odd pieces of lumber.

After searching the place they rushed back to their own rooms, but were driven from them by the flames and smoke that were rising in dense volumes, and in desperation they went again to the little room as a last hope.

While there Metzger noticed a slight draft of air coming from the floor and an investigation disclosed a crack in the boards. They quickly tore up a few boards from the flooring and made an opening large enough for both to drop through to the floor below, where they made their way to the ground.

ARENDTSTVILLE

Arendtsville—Quite a number of our citizens attended the fruit and poultry show held at Biglerville last week. They were much pleased with the exhibit.

Our school children have adopted a new feature in the way of amusement. They purchased roller skates and use them on the long stretches of cement walks.

The funeral of Mrs. Noah Sheely, who was buried here in Greenmount Cemetery last Friday, was largely attended by her relatives and many friends.

Mrs. Arnold, of Biglerville, spent several days here last week in the home of her son-in-law, Harry Funt. Harper Howe and sister, Grace, of New Oxford, were week-end visitors in the home of their sister, Mrs. Melvin Warren.

Ephraim Weigle, who left here thirty one years ago and now resides in Nachusa, Ill., is visiting old acquaintances here.

John Freed, of Missouri, who left here twenty five years ago, spent several days here recently in the home of his uncle, Aaron Freed.

Andrew Kane, of near this place, butchered a hog that dressed 525 pounds and gave 200 pounds of lard. Fifteen inches of snow fell in the Piney Mountains during last Saturday and Sunday.

The butchering season is on. James J. Hoffman killed one hog that weighed 420 pounds, and Abraham Hoffman one weighing 450. Others who have butchered are Rev. D. T. Koser, David Thomas, David Nary and Jacob Taylor.

Those who died in Arendtsville during the past year were Russell E. Heckenluber, on April 3; Helen A. Knouss, on May 12; George W. Beck, on May 15; Mrs. Alma Arendt, on August 28.

On Tuesday evening, a supper was given at the home of Mr. and Mrs. H. I. Comfort, Arendtsville, in honor of their daughter, Myrna. The reception room was decorated in garnet and white, Miss Comfort's class colors. The dining room was in pine and red trepe paper. After supper they entered the parlor where music and games were enjoyed. At ten o'clock all went to a watch social in the Town Hall. The following were guests, Misses Myrna Comfort, Mary Cole, Bess Raffensperger, Lola Weirman, Anna Carey, Helen Eicholtz, Messrs. Roger Witmer, George Raffensperger, Edwin Roberts, Arnold Raffensperger and Kieffer Raffensperger.

5 MORE SAVED OF TANKER'S CREW

Steamer Picks Up Boat From Wrecked Oklahoma.

TOTAL NOW THIRTEEN SAVED

Men Found in Lifeboat Were All Left of Eleven, Six Drowning Before Help Could Reach Them.

New York, Jan. 7.—The Booth line ship Gregory arrived in port, bringing five survivors of the oil tanker Oklahoma, which buckled and broke in two off Sandy Hook lightship early Sunday morning.

These men were snatched out of the sea Sunday afternoon, and to do this the first, second and third officers of the Gregory dived over the rail with their storm clothes on and grabbed two of the five as they were floating past in the heavy sea then running, grabbed a third who died as he reached safety, and towed the other three clinging to their capsize lifeboat within reach of the life lines.

The five men thus saved, added to the eight who will arrive in Boston on the Hamburg-American liner Bavaria, make thirteen human beings accounted for out of the crew of forty of the oil tank steamship of the Gulf Refining company which, left New York on Saturday for Port Arthur, Texas.

Hope that eight more of the Oklahoma's crew had escaped in an open boat was abandoned when a wireless message was received from the captain of the United States revenue cutter Seneca to the effect that one of the sunken vessel's boats had been picked up with three bodies in it.

The rescued men on the Gregory told a thrilling story of their experience. For six hours after leaving the Oklahoma in a lifeboat they were tossed about on the crests of the waves and the boat after time was nearly swamped by the gigantic sea.

These survivors revealed for the first time how the disaster actually occurred.

The five men were together when a terrific wave crashed into the Oklahoma amidships Sunday morning, breaking her back. The after part of the ship had partially broken away at a bulkhead and was staggering drunkenly in the terrific swell. Other members of the crew came running up and two lifeboats were swung overboard.

In the first boat were eleven men. The second boat was full. The boats parted, and those in the first boat, including the five who were saved, worked desperately to keep their craft from going under.

Just as the Gregory came in sight at 1:30 o'clock in the afternoon a wave overturned the first boat. It was righted with difficulty, because the men were nearly perished with cold. A second, third time waves rolled the boat over. Six of the men were unable to cling to the craft and sank to their death, and the other five were picked up a short time afterward.

When it was seen that the fight was proving too much for the men Roberts, Second Officer Williams and Chief Officer Robert H. Buck tied ropes about some of the men. The into the sea to aid those struggling in the water. They helped to get rope about some of the men. The five saved were placed in the ship's hospital.

Elkton, Md., Lad Shot For Refusing to Run Errand.

Elkton, Md., Jan. 7.—In the presence of more than a hundred of his schoolmates in the yard of the high school, Paul McCally, nine years old, was shot and instantly killed by George Short, thirteen years old, another schoolboy.

Before the fatal shot was fired the McCally boy had been ordered by Short to go downtown and purchase more cartridges for the pistol with which the shooting was done. When he refused Short pointed the weapon at him and fired at close range.

According to statements made to the police the two boys were shooting at a target in the rear of the school building. Young Short was arrested.

Rebels Bringing Up Heavy Guns to Re-open Fight at Ojinaga.

Presidio, Tex., Jan. 7.—Pancho Villa is expected at the rebel camp with 200 rebel reinforcements and two heavy guns to reopen the attack upon the federalists in Ojinaga, according to information that leaked out through rebel sources.

It is expected that the cessation of hostilities on the part of the rebels was to await the arrival of Villa, with whom the men will not fight with their greatest energy. He is expected to order the renewal of the attack immediately, and by midnight or early tomorrow morning at the latest the rebels say they will fire their first guns in the resumption of hostilities.

UNION PACIFIC CUTS BIG MELON To Give Stockholders \$82,000,000 B. & O. Stock.

New York, Jan. 7.—The executive committee of the Union Pacific Railroad company announced that it would recommend the distribution among its stockholders of the Baltimore & Ohio stock owned by the company, par value \$82,000,000, together with \$3 per share in cash.

The company's statement follows: "The executive committee decided to recommend to the board of directors, which meets on Thursday, to distribute among the holders of the common stock of the Union Pacific Railroad company the Baltimore & Ohio stock owned by it, together with \$3 per share in cash.

"It is proposed to distribute to the holder of each share of Union Pacific common \$12 par value, in Baltimore & Ohio preferred, now yielding at 4 per cent 48 cents; and \$22.50, par value, in Baltimore & Ohio common, now yielding at 6 per cent \$1.35, and \$3 in cash, say at 6 per cent per annum, 18 cents, or a total of \$23.15.

"The executive committee also recommends that if this is carried into effect the regular annual dividend be correspondingly reduced—that is, from 9 per cent to 8 per cent per annum."

The effect of the distribution is to decrease the earning power of the Union Pacific 2 per cent. The investment of which this 2 per cent was earned now becomes the property of the individual stockholders.

Decision Declares Iron Workers Are Guilty of Dynamite Outrages and Sentences Are Upheld.

Chicago, Jan. 7.—The judgment of the federal court of Indianapolis sentencing to prison thirty members of the International Association of Structural Iron Workers in the dynamite conspiracy cases, was affirmed by the United States circuit court of appeals here in twenty-four cases, and reversed in six cases.

The cases reversed were remanded to the lower court for retrial. The defendants in these cases are: Olaf A. Tveitmo, San Francisco; William McCann, Kansas City, Mo.; James E. Ray, Peoria, Ill.; Richard H. Houlahan, Chicago; Fred Sherman, Indianapolis; William Bernhardt, Cincinnati.

The sentence of seven years of penal servitude against Frank M. Ryan, Chicago, president of the association, was affirmed. He was the only one of the convicted men in court to hear the decision.

There were thirty-two convictions on the charge of conspiracy to transport dynamite illegally. Two of the convicted men did not appeal.

No effort will be made by the government to compel the return to prison of the men denied retrial, pending argument on their petition for a rehearing. If this petition is denied they will appeal to the United States supreme court.

In respect to the appeal of Ryan the decision reads:

"This plaintiff was president of the association and its active manager. Letters written by him at various stages show his familiarity with the long course of destroying open shop structures. Ryan wrote the letter suggesting that reports of expenditures be discontinued 'while our trouble is on.' He signed all of the checks presented in evidence as the funds for the purchase of explosives. Ryan in his own testimony confirms the evidence of his complicity."

Concerning Eugene A. Clancy, of San Francisco, the decision states that his conspiring with the McNamara and Herbert S. Hockin, who is serving his sentence, to blow up the Llewellyn Iron Works at Los Angeles, and for explosions in the east, is conclusively proved.

Michael J. Young, of Boston, the decision declared, had been proved guilty of conspiracy in connection with explosions in Boston, Springfield, Fall River and Somerset.

Frank C. Webb, of New York, had his appeal rejected on the basis of letters by him and testimony by Orrie McManigal, whose evidence frequently was referred to by the court.

J. E. Munsey, of Salt Lake City, is declared personally to have assisted James McNamara in explosions at Salt Lake. Peter J. Smith, of Cleveland, O., was chiefly implicated in McNamara's evidence. Paul T. Moran, of St. Louis; William E. Redding, of Milwaukee; Michael J. Hannon, of Springfield, Ill.; Murray L. Pennell, of Kansas City, are declared fully implicated by McNamara's evidence.

The other men refused appeal are: Edward Smythe, of Peoria, Ill.; George Anderson, of Cleveland; Frank J. Higgins; Frank H. Painter, of Omaha; Fred J. Mooney, of Duluth, Minn.; William Shupe, of Chicago, and Michael J. Cunnane, of Philadelphia.

COMPROMISE IN 'PHONE FIGHT

New York Bell Company Willing to Discount Bills 10 Per Cent.

New York, Jan. 7.—The New York Telephone company, one of the largest factors in the Bell system, offered to discount all bills 10 per cent, pending the settlement for an agitation for lower rates, now before the public service commission.

The discount will apply until an appraisal of the company's property can be made as a basis for re-establishing rates. It will date back to the first of the year, but does not apply to pay stations. The proposal was submitted to the public service commission.

Big Fire in Philadelphia.

Philadelphia, Jan. 7.—Fire in the heart of the business district swept the five-story envelope factory of Charles J. Cohen & Sons, Fifth and Ludlow streets, doing \$100,000 damage and causing serious injury to four firemen by falling timbers and suffocation. The fire was probably started for some time before it was discovered, as it was concealed by the exhaust of a nearby power house.

U. S. PLANS WAR ON SLOT MACHINES

Gambling Devices in Penna. Under Government's Eye.

Washington, Jan. 7.—Slot machines of all kinds, lotteries, base ball pools and other forms of gambling will receive the attention of the department of justice during the present year, according to administration officials.

Firms and individuals who use the mails to advertise their machines or lotteries or attempt to do an interstate business will be prosecuted.

According to the report made public certain sections of Pennsylvania, New Jersey and other states through out the Union give the slot machine and other gambling devices the wink making no effort to enforce the municipal or state laws.

If such conditions are permitted to continue it is the purpose of the government, providing it has jurisdiction to prosecute offenders.

It was admitted that some of the gambling devices are harmless, but these devices lead to other forms of gambling, always detrimental to the state and nation. The idea is to remove the American youth from as much temptation as possible.

AVIATORS MUST DUEL

French Aerial League Orders Vedrine to Grant Demand For Satisfaction.

Paris, Jan. 7.—Jules Vedrine, one of the two French aviators who recently flew from Paris to Cairo, was ordered by the French National Aerial League to give satisfaction immediately to Henry Roux, who also accomplished the flight.

Roux challenged Vedrine to a duel after the latter had struck him in the face during an altercation. The quarrel between the two aviators arose because Roux is alleged to have requested the Turkish officials not to assist Vedrine on his flight in the Orient.

24 New Smallpox Cases on the Ohio

Washington, Jan. 7.—Thirty-four new cases of smallpox have developed at the Guantanamo naval station among sailors exposed on the battle ship Ohio. The station has been quarantined and Secretary Daniels ordered the Atlantic fleet, which starts south Sunday, to remain at Culebra, Porto Rico, until the last of this month.

FOR CLERKS AND CARRIERS

Pay For Injuries in Service Provided in Bill.

All letter carriers, city and rural, postoffice clerks and special delivery messengers would be extended the right to government compensation for injuries received in service under provision now in the postoffice appropriation bill, which will be reported to the house soon after the holiday recess.

Now railway mail clerks, sea post clerks and postoffice inspectors are entitled to compensation for injuries received in the performance of duty, but the government taking the position that those duties involve hazard. The plan is to extend this privilege to the other classes named. The compensation is \$2,000 death benefit or, for injuries, full pay for one year and half pay for a second year should the disability continue that long.

THE GRADING OF SHEEP.

Breeders and Feeders Should Be Separated in Winter Quarters.

To make the best gains, sheep, when brought into winter quarters, should be separated into several different flocks. The breeding ewes should be kept separate from the wethers, rams and the feeding flock. Tank, thin ewes should be separately yarded so that they may get their share of the feed. Rams should be kept in lots of ample size so as to allow them plenty of exercise.

By taking these precautions and regularly providing the flocks with suitable feed and an abundance of fresh water and by sheltering them in clean, well ventilated quarters success in sheep husbandry is assured, according to Frank Kleinheinz, shepherd of the Wisconsin experiment station flocks.

The choice of feed depends to a large extent upon the condition in which the breeding flocks enter winter quarters.

If in good flesh and having access to good roughage, such as clover, millet, alfalfa hay and roots or corn silage, hardly any grain is necessary, but if the sheep are in a thin, weak condition no time should be lost in supplying them with hearty grain rations. Otherwise results at lambing time will be disappointing.

Pure water should be supplied the flock at all times, and salt should be kept where the sheep may have ready access to it. Successful flockmasters consider it a serious mistake to provide their sheep with salt but occasionally, for under these conditions they are apt to eat too much, which oftentimes causes excessive drinking of water and a derangement of the digestive organs.

QUIZ MORGAN ON BANK PLAN

He Favors One Dominant Regional Reserve.

CALLS LOCATION UNIMPORTANT

Banker Is Evasive In Giving His Views on New System, But Banks Assess Above Capital.

New York, Jan. 7. — J. P. Morgan aligned himself with the advocates of a regional bank of commanding size in the district which is to include New York. Most of the other witnesses who appeared at the hearing of the federal reserve organization committee shared Mr. Morgan's views, arguing for the establishment of a regional bank in this territory which would represent 40 per cent or more of the capital of the entire national system.

Secretary McAdoo, of the treasury department, and Secretary Houston, of the department of agriculture, who compose the committee, indicated that they did not share this view, although both said they had reached no decision. Many of their questions bore on the feasibility of making the regional districts more nearly equal, with perhaps three banks in the northeast, instead of one.

Secretary McAdoo gave especially strong intimation that he opposed the plan to make New York the big center of the new system.

"If we put 40 or 50 per cent of the banking power into a New York district," said Mr. McAdoo, "we would be obliged under the law to divide the remaining territory into seven districts that will be comparatively lean."

Mr. McAdoo said the establishment of two or three banks in the north-east—as for example, at New York, Boston and Baltimore—would not dislocate the closely interwoven business and financial relations of the north-eastern territory. On the other hand, he said, establishment of more than one bank would facilitate the course of exchange and mercantile transactions between these districts.

Explaining that he had not considered carefully the division of the country into regional districts, Mr. Morgan said he would not attempt to outline any detailed plan.

"I'm trying to see how the whole United States is to be handled," he explained. "That's all I'm any good for."

Mr. Morgan surprised his hearers by saying he did not consider it important whether a regional bank were located in New York. It might as well be in Boston, he believed. The important thing, he said, was to have the bank which served the New York district of sufficient size to command the respect of the business men and the bankers of all countries. As to the amount of capital in this bank, which many witnesses had said should be larger than that of any member bank, Mr. Morgan attached comparatively little importance.

"It isn't so much the capital," he said, "as the assets the bank represents."

"Do you think," asked Secretary McAdoo, "that foreign banks would look at one regional bank, in forming their estimate, or at the entire system of units under a co-ordinated board?"

"That depends upon the action of the co-ordinated board," Mr. Morgan replied. He said that if the board could show that the system was co-ordinated foreign bankers would feel that they were doing business with one comprehensive bank.

"The real idea," he said, "is to get the most convenient arrangement to serve the whole reserve association."

IDA VON CLAUSSEN INSANE

"Countess" Who Threatened to Kill Charles Strauss, Sent to Matteawan.

New York, Jan. 7. — Mrs. Ida Von Claussen, known as "Countess," who has been in the Tombs since Oct. 31, held on an indictment charging her with sending a threatening letter to Charles Strauss, president of the board of water supply, was declared insane and sentenced to Matteawan by Judge Malone.

The letter to Mr. Strauss was mailed from Rome, Italy, last spring, and threatened to "shoot him like a dog" unless he straightened out her divorce affairs so she could marry a London man worth \$50,000,000.

Several years ago Mrs. Von Claussen attracted wide attention when she engaged in a controversy with President Roosevelt and the United States minister to Sweden. She had not been presented at the Swedish court and blamed the president and the minister.

\$3,775,464,096 in United States.

Washington, Jan. 7.—The "general stock of money" in the United States on Jan. 2, 1913, amounted to \$3,775,464,096, which is about \$8,000,000 more than the stock of the same article on Dec. 1, 1913, according to the treasury's monthly statement. The treasury estimates the population of the continental United States at 93,181,000, and says the circulation per capita was \$35.11.

COAL TAX BLAMED FOR PRICE

Complaints Reach McReynolds That Public Has Illegal Burden.

Washington, Jan. 7.—Complaints to Attorney General McReynolds from several eastern cities that the price of hard coal is soaring, allege that the Pennsylvania state tax on every ton of anthracite mined within its borders is responsible.

The department of justice has been asked to assail the Pennsylvania law on the ground that it is unconstitutional. In answer to letters suggesting such a course the attorney general replied that it is highly probable that sooner or later some individual will bring suit to test the law, and that if the department finds it advisable it may intervene.

The Pennsylvania state tax is 2½ per cent of the cost of mining each ton, and it is estimated that the state will raise nearly \$5,000,000 annually from that source. According to the attorney general the Pennsylvania mining companies have charged the full tax to the retailers, and they in turn have passed it on to the consumer.

ARRESTS REVEAL INSURANCE FRAUD

Delaware Business Men Named in Fake Companies.

Wilmington, Del., Jan. 7. — Several prominent Delawareans are found in the records of the secretary of state as incorporators of four alleged fake insurance companies whose charters were recently revoked by W. R. McCabe, insurance commissioner, and whose business was placed in the hands of receivers.

This fact was disclosed in the announcement of the arrest of R. P. Brennan, formerly of Dover, in New York, by the federal authorities. Brennan was the chief agent for the Capital Fire Underwriters' company, agent of the alleged fake companies, namely, the Home Fire Insurance company, of Dover; the Equitable Fire Insurance company, Wilmington; American Fire Insurance company, Dover, and the Mercantile Fire and Marine Insurance company, Dover.

It was alleged by the postoffice authorities that Brennan left Dover with a prominent resident of Dover.

Included in the list of incorporators of the four companies, of which Brennan was one of the organizers, and who were arrested charged with fraudulent use of the mails, are: Arthur J. P. Clark, Daniel M. Ridgely, former United States Senator R. R. Kenney, of Dover; Francis M. McCoy, New York; M. S. Johnson, Wilmington, Del.; D. B. Jacobs, New York city; Charles Butler, Dover; Arthur Kingsbury, Dover; W. H. S. Davis, Little Creek, Del.

The four companies are said to have \$2,900,000 in liabilities and are alleged not to have a cent to pay the outstanding debt.

ALEXANDER WILL STANDS

Daughter of Late Manufacturer Falls to Break Testament.

Reading, Pa., Jan. 7.—The Alexander will contest, involving an estate of \$250,000, was decided by Judge Bushong, of the orphans' court, in favor of the estate.

The contestant was the only child of Colonel Edgar Alexander, Mrs. J. Harry Meyer, wife of the president of the Commercial Trust company, of Reading. She was cut off with \$100,000. The will charged her with unnatural conduct toward her parents. She denied this and charged that her father was laboring under a delusion because of habitual and excessive drinking and other influences.

Colonel Alexander was a retired hat manufacturer and former national commander-in-chief of the Sons of Veterans. He left about \$50,000 of his estate to former employees, \$25,000 to public charities, \$10,000 to the five children of Mr. and Mrs. Meyer and the rest of the estate to his sister.

Radium Treatment Halted.

Baltimore, Jan. 7.—Radium treatment for cancer in the case of Congressman Robert Gunn Brenner, of New Jersey, has been suspended for a few days, according to his sister, Miss Helen Brenner. Miss Brenner could not give the reason for the suspension of treatment, but understands there is no abandonment of that form of treatment. At the sanitarium no information was obtainable.

JACKSONVILLE, ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

He says: "Vinol is just the thing. For summer, winter, fall or spring. Follow directions, take it right. It will save your lagging appetite. I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I spit rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood-making power of iron, and the building-up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. People's Drug Store, Gettysburg, Pa.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it.

Treatment For Sore Teats.

Cows inclined to have sore teats should always be milked with dry hands in the winter time. There is nothing that has a greater tendency to aggravate this difficulty than the wetting of the hands during the milking process. Vaseline is very useful in treating sore teats. Carbolic vaseline is even better than pure vaseline. This can be purchased, or a little carbolic acid may be mixed with ordinary vaseline. An oxide of zinc ointment may be made by using one ounce zinc oxide to four ounces benzoinated lard. This ointment is good for dry sores of any kind.—Kansas Farmer.

Give the Hogs a Chance.

Hogs will make the cheapest growth when they get three-fourths of their feed from pasture. This pasture should not be grass, but some legume or rape. Hogs grown on such pasture can be brought to the pork stage for from two-thirds to one-half the cost when on dry feed. They have better bone and muscle, fewer lice, and instead of lying down and breathing dust they are nosing about among the herbage and breathing pure air. They are healthier and stronger. The sows will have more pigs and better ones, and the danger of cholera is less.

TO DARKEN HAIR. APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy" thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

MAKING THE WHEELS

GO ROUND

In some parts of the country there has been a feeling of business hesitation. The "timid ones" have been inclined to sit back and see what was going to happen.

And in the meantime—The live wires have been going ahead and making things happen.

You will notice the directory of "Live Ones" if you glance through the advertising columns of this newspaper and of other good newspapers!

Just run over the names of the "DO IT NOW BRIGADE". These are the chaps who have been too busy making the wheels go around to talk of dull times.

If for no other reason than patriotism they deserve your support.

But there is even a better reason.

The merchants and the manufacturers who have the gumption to keep hustling are certainly the ones who are going to give you the best goods and the most efficient service.

Raising Hogs Cheaply.
In raising hogs cheaply it is necessary to begin with the sows. They must be fed well in order to produce a good litter of strong, vigorous pigs. Oats are a splendid feed. They are a well balanced food. Corn is not suitable. It is too fattening. Also provide plenty of pure water. Exercise is necessary. This can be provided by feeding the oats on a feeding floor, scattering it thinly. It is not necessary to grind the oats.

Catarrh Victims

Get Immediate and Effective Relief by Using Hyomei.

Hyomei is nature's true remedy for catarrh. There is no stomach dosing—you breathe it. When using this treatment, you breathe the healing balsams and effectively reach the most remote air cells of the throat, nose and lungs, the catarrhal germs are destroyed—quick and sure relief results.

Hyomei often restores health to chronic cases that had given up all hope of recovery. Its best action is at the start of the disease when the breath is becoming offensive, and constant sniffling, discharges from the nose, droppings in the throat, or that choked up feeling begin to make life a burden. At the first symptom of catarrhal trouble, surely use Hyomei. Ask People's Drug Store for the complete outfit, \$1.00. He will refund the money if it does not give satisfaction.
